## ABOUT ME

I am self-taught Python programmer with "Python 3 from the basics to expert " and "Python for intermediate" courses. I've always found programming intuitive and pushed myself to learn the most effective ways to achieve the results.  
I am fast learner and can quickly integrate into a team so I can provide a value to the company and the customers.

## PROJECTS

A program that uses the popular cryptocurrency API (coingeckoAPI) to help me effectively scan market updates, the main goal of the project is to provide information regarding the annual change in the price of a given cryptocurrency, showing the 5 most trusted exchanges
